

BASE BALL SENSATION.

President Young Appealed to in the Hannan Matter.

THE PLAYER IS STRANGELY SILENT

After Having Telegraphed That He Had Mailed a Contract—Hannan Will Play in Wheeling or Not at All. More Players Arrive in the City. The Nashville and Memphis Races. Yesterday's Base Ball Games—Other News in the World of Sport.

A sensation was sprung in local base ball circles last night, in the shape of an application of Manager Will White, of the Wheeling Inter-state club to President "Nick" Young of the National League, who is also the active man in the National agreement, asking that James Hannan, of Hartford, Conn., who recently accepted Wheeling's terms, be compelled to come to Wheeling or submit to the blacklist.

Hannan was one of the star short-stops of last season's New England association, and as White was playing on the Bangor team he saw Hannan's playing throughout '94. When White came to Wheeling, about the first man he went after was Hannan. The player accepted White's terms and next telegraphed he had signed and mailed his contract, at the same time asking for advance money. White telegraphed railway transportation, but has been unable to hear further from him.

It is now thought he is being tampered with by some other club. After using the wires freely White last night determined to bring matters to a crisis. He wrote "Nick" Young, detailing the circumstances and asked that Hannan be instructed to come on to Wheeling at once or be kept from playing on any other team operating under the National agreement. With the showing of facts made by the Wheeling manager there is no doubt that Hannan will be compelled to come to Wheeling or be excluded from National agreement diamonds.

A PITCHER'S WORK.

He Throws More Than One Hundred Times Per Game.

When it comes down to good, solid work, the pitcher and catcher of a base ball team have more of it than all the other members of the team combined. Hear how Henry Diddlebock demonstrates this in the Philadelphia Inquirer: "How many balls are pitched in a regular championship game of nine innings?" This is the rather original inquiry which came from a correspondent last week. There was a time when every ball pitched was recorded on the official score sheet, but that has been dropped for a number of years, although I believe that such old timers as Henry Chadwick and Al Wright, of the New York Clipper, still keep up the practice. As a matter of curiosity and to answer this question I kept every ball that was pitched in the first Philadelphia-Baltimore game at Baltimore on Thursday last. The number was 207, and of these Taylor pitched 143 and Esper 124. Taylor had seventeen called strikes and Esper only four. Ten balls were struck at and missed off Taylor and eight off Esper. The Phillies made seventeen hits off Esper and Baltimore nine off Taylor. An analysis of these figures goes to show that the Phillies are very much freer hitters than the Baltimore.

Two Players Report.

Two more players of the Wheeling team reported yesterday to Manager White. Wyatt, the pitcher from Taylorville, arrived in the morning and went into practice with the other men at bridge park on the island. Dan Croty, the second baseman, got here in the afternoon from Muskegon, Mich., his home. Both men are in elegant physical condition. Kerr was expected to arrive from Canada last night, but he must have missed connections.

INTER-STATE LEAGUE NOTES.

Hard Work Looking the Members of the Akron Team—Diamond Dust.

The reporters on the Akron Beacon are either poor hunters or else the members of the Inter-state league team of that city are good hiders if one may judge from the following article in the Beacon:

It was reported to-day that six of the players who were to be in Akron's base ball team of the Inter-state league had reported here for duty. If they have it has been impossible to locate them so far. Every hotel in the city has been visited, but the names of any of the players can not be found. Manager Rhine has not been in Akron for weeks and no word has been received from him. The only player whose identity can be established that has so far reached Akron is S. F. Murray, of Steubenville. He arrived yesterday. Murray is of last year's Kenton, Ohio, team and is said to be a first class player. He will play third base. If the other players are in the city they have so far failed to make themselves known to anyone. The team was ordered to report here yesterday, but so far as known Manager Rhine himself has not been located.

The Mansfield News says: John E. Dunn, third baseman of the local club, arrived here from his home in Bellaire last night. Home Run Jack doesn't look like the same man who played the third base for Wheeling in the Tri-state league.

Manager Frank O'Brien, of Mansfield, has accepted the terms of Thomas Pennington, the local infielder, who played for the Staunton, Va., team last season.

The Pittsburgh team took exactly \$10 as its share of the receipts at Springfield, Ohio, on Monday. But the boys got good practice on a rough ground.

Canton defeated the Wackerly team on Monday 20 to 14. The Inter-state League team scored sixteen runs in one inning.

The Findlay will play in Toledo Wednesday and Thursday and in Detroit Friday, Saturday and Sunday.

Reidy and Gans will probably be Findlay's battery in the opening game with Columbus.

There may be such a thing as Pastorius wearing a Findlay uniform this season.

Delaney, an old time Tri-state league favorite, is with Canton this season.

The Buchtel College team play the Canton Inter-state League to-day.

"REDS" DOWNED AGAIN

By the "Pirates"—Dwyer's Wildness Responsible for the Defeat.

CINCINNATI, April 24.—Pittsburg batted in streaks, while the hits made by the "Reds" were scattered. Both batted equally well. Dwyer's wildness

cost three runs, and a heavy rally in the seventh gave the Pittsburghers the victory. Attendance, 2,300. Score:

CINCINNATI	A. E.	PITTSBURGH	A. E.
